

**The project «#EuSAVE- EU Citizens' Action for Smart Historic Villages» was funded with the support of the European Union under the Programme "Europe for Citizens"**

**Strand 2 – Measure 2.2 "Networks of Towns"**

**7 Events have been carried out within this Project:**

**Event 1 “Debating the future of the European rural territories and the social value of the cultural heritage of the EU historic villages”**

**Participation:** The event involved **78 citizens**, including 62 participants from the town of Vimianzo and other Galician locations (**Spain**), 3 participants from Bolyarovo (**Bulgaria**), 2 participants from Kumrovec and 1 participant from Pregrada (**Croatia**), 2 participants from Dagda (**Latvia**), 1 participants from Melpignano, 1 participant from Gallipoliand, 1 participant from Rome (**Italy**), 1 participant from Brussels (**Belgium**) and 2 participants from Marvão, 1 participant from Portalegre and 1 participant from Belmonte (**Portugal**).

**Location / Dates:** The event took place in **Vimianzo (Spain)**, from **03/04/2019** to **05/04/2019**.

**Short description:** The aim of the event was the official project launch and the Kickoff meeting organisation. Moreover, it aimed to inform citizens about the EU rural development policies, to discuss about the situation and challenges of the European rural areas (such as depopulation, population aging and lack of job opportunities), to debate on their future, but also to raise awareness about the cultural and historic heritage of the rural territories as strategic resource for a sustainable rural Europe. In order to achieve these objectives, different types of activities were organized during the three days of the event, such as: info day (conferences, panel of experiences and debates), transnational workshop (conferences, discussions and debates) and intercultural and networking activities. Directed mainly to the project target groups, the transnational workshop was focused on the current EU rural development strategies (what are the existing strategies, which participatory methodologies are used by local governments to design them, the cultural and historical heritage of rural territories as a strategic resource, etc.).
